**NOVEMBER 2018
NEWSLETTER**

NEW PODIATRIST PROCEDURES

Effective 11/01/2018, Residents need to contact the Podiatrist's office directly to schedule appointments. You will no longer schedule appointments in the activity binder or be assigned a time by Jessica. Appointment dates at this time will remain the same- third Thursday of the month.

To schedule an appointment call 314-735-5197

New patients can still obtain the "new patient packet" in the leasing office. The leasing office will still fax the paperwork to the doctor's office as a courtesy. It will be the resident's responsibility to ensure that the new patient packet is completed and turned in to the doctor's office at least 5 days in advance. This will allow the doctor's office enough time to obtain referrals if necessary.

If there are any issues going forward with the Podiatrist, please notify Jessica.

Teens Come to You Library Program

November 3rd from 10-Noon. This is a great time to get assistance with any electronics! Come down to the 1st floor community room and make a new friend, play a game, or read together.

Library Stop- Watch the calendar for the next time the Library will be back. If you would like to request specific books, movies, etc contact the library. They will bring it here on their next stop!

Operation Christmas Child!

Again this year we will be packing shoeboxes for **Operation Christmas Child!** This is an opportunity to share some love with children in developing countries, many who have never received a gift in their lives!

Items to include are school supplies, hygiene items, and something special like a stuffed animal, doll, or soccer ball. **We will be getting together to craft and make some items to pack in the shoeboxes** and we will pack for several different age groups. You can choose to do your own box or join together to pack a box. A list will be posted with more details and **boxes will be provided.** This is a great project and it's fun, and somewhat addicting once you get started!

Happy Birthday!
